MILLION READY TO GO INTO ELEPHANT BUTTE WORK

Reclamation Service Record for February Shows Enormous Sum Waiting for use on New Mexico Project.

The Reclamation Record for February, 1914, is one of the most interesting volumes ever issued by the reclamation service, and should be in the hands of every land owner in the various projects. The present administration announced their policy some time since as one which would put the reclamation service nearer to the people of the projects from whom they served, and this disposition on the part of the heads of the departments is apparent. The February number of the Record contains many helpful articles of information to the settlers on the projects, among them being a paper on the Winter Treatment of Orchards, by Prof. Fabian Garcia, director of the experiment

18,000 COLONIES OF HONEY BEES IN STATE

Annual Meeting of Bee Keepers Association in Roswell Changes Name to New Mexico Division.

(Special Correspondence to Herald).

Roswell, N. M., March 26.—The Pecos Valley Beekeepers association, which held their annual meeting here yesterday, is an industry which few people realize the scope of. Some twelve to fifteen cars of honey are consumed and shipped out of Roswell each year, and the honey ranks with the best in the world.

It is estimated that the Pecos valley consumes more than 100,000 pounds of the sweetest each year, and some five or six cars are shipped to the markets of the country, bringing a fancy price.

There are 6,000 colonies of the producing stingy insects in the counties of Chaves and Eddy. A full strong working colony contains some 100,000 bees, which would mean a bee population for the valley of six hundred million. Of course, all are not so strongly populated. In the state there are 18,000 colonies which would mean one billion eight hundred million quiet and silent, industrious workers.

The meeting held here yesterday was the annual meeting. While the association has sixty members, only about twenty were present yesterday.

The following officers were elected:

R. B. Sleas, re-elected president; Louis Brown, vice-president for Chaves county.

E. S. Wilkins, Inspector of bees and apiarists, of Eddy county.

H. C. Brown of Hagerman was re-elected secretary-treasurer.

It was voted to change the name of the association from the Pecos Valley Division of the National Bee Keepers' association to the New Mexico Division of the National Bee Keepers' association at the request of the Rio Grande bee keepers.

April Term of District Court.

So far not many criminal cases have been docketed for the spring term of the district court, to be held in Roswell commencing on the 13th of next month. The docket, which is now being published, shows fifteen criminal and eighty-one civil cases. Of course, other cases may be added, and especially after the investigation by the grand jury.

The following have been served for service on the grand jury:

A. P. Shepperson, Hagerman; W. J. Stefanes, Lake Arthur; L. Martin, Dexter; M. McCoy, Roswell; Paul Stack, Roswell; Albert Bratton, Lake Arthur; Fred Hilgenfeld, Ed. Winkler, W. M. Ayres, C. A. Porter, Roswell; Joe Winkler, Dexter; B. C. Moots, Lake Arthur; P. Swartsrauber, Mayberry Bond, O. Hyde, D. E. Martin, Roswell; G. B. Patterson, Ingleside; G. C. Douglas, Lake Arthur; Jim McNeil, Dexter, and C. R. Rudigkeit, Roswell.

GOVERNOR McDONALD HAS PLACE ON THE DENVER PROGRAM

Denver, Colo., March 27.—The program for the conference of western governors, partially completed, provides addresses by Governor Carey of Wyoming, McDonald of New Mexico and Stewart of Montana.

Governor Carey will speak of "How May We Help the Care Act Projects"; Governor McDonald will speak on "Shall the Federal Land be Leased"; and Governor Stewart on "Federal and State Co-operation in Irrigation."

Irrigations were being sent out today from Governor Ammons' office to officials of public and private irrigation projects and individuals prominently connected with irrigation development in the west to attend the conference.

Oil Field Restaked.

Pruinland, San Juan County, N. M., March 27.—The Meadows oil field has all been restaked in the last 60 days by Santa Fe and Albuquerque parties, a number of whom are preparing to put in a drilling outfit. Palmer and McDonald have already purchased machinery which will be on the ground in a few days. This means that three outfits, including that of the San Juan Basin Oil company, will be at work shortly.

SELLERS FOR MAYOR

(Continued from Page One.)

Democratic party that the Democratic party in convention assembled is superior to any man or set of men.

Therefore, be it resolved, that the Democratic party of the city of Albuquerque, here assembled in convention, pledges itself to the support of the ticket here to be nominated by the convention, and that this gate here present taking part and voting obligates himself to support the entire ticket nominated by this convention, and each for himself gives here his pledge to earnestly and faithfully work and labor for the election of a man and every candidate nominated by this convention.

City Attorney John T. Lewis took the floor in a brief speech in support of the resolution. He spoke plainly and to the point, urging that the cardinal principle of Democracy was the rule of the majority and that while there might be personal feelings and sectional interests involved, with the date of members of the nominating convention to stand by his nominees.

Mr. Williams then took the floor in opposition to the resolution. Mr. Williams is a facile speaker, and after a short, frank, impulsive effort he held himself well in command of the situation and made his fight an effective one. He said he was proud that he was a Democrat when he looked to the president in Washington, and proud when he looked to the governor in Santa Fe, but that he was ashamed of his Democracy when he looked to the Democratic city administration. This brought enthusiastic cheers from the anti-Sellers delegation and also from a huge audience, composed half of Republicans, who lost no opportunity to encourage the bolters. Mr. Williams assailed the city administration along about every possible line, but the chief of the protest of the people should rise. "I am a Democrat," said Mr. Williams, in concluding one of his periods, and this was the signal for an enthusiastic outburst of applause from the Republican spectators.

The alternates from the First and Second wards then were seated as follows:

First ward: R. H. Crews, J. E. Goodell, Dennis Chavez, John Tanberg and Frank Kirster.

Fourth ward: William Beauchamp and J. L. Laclaire.

This committee was empowered to choose a ninth alternate chairman, after consultation with the candidates, and also seven members of an executive committee.

Organization of the Convention.

The organization of the convention was quickly effected. Chairman McRae of the former city committee made a privilege question of a silver collection to pay the expense of the theater. The bill was passed and paid with \$200 or \$300 more than necessary to pay the rental charge. Secretary Fleischer then read the official call and the convention proceeded with the election of Dr. D. H. Carnes as temporary chairman and Dr. C. E. Reidy, Mayor R. K. B. Seifers, George C. Schenck and R. O. Archibald.

We pledge the candidate nominated by this convention to submit to the citizens a upon introduction of an ordinance for city law in the breed, ordinances regulating houses of prostitution or of the liquor traffic the question as to whether or not such ordinances shall be changed . . . and to be absolutely governed by the will of the majority as expressed at the polls thereon at such election.

And the delegates taking this pledge shall be expected and required to keep the same to the same extent and with the same honesty as was observed by Mayor Sellers in keeping the above pledge and not otherwise.

The amendment was defeated by a vote of 29 to 11, the Second ward not voting.

The original resolution was passed by the entire vote and the First ward delegation then filed majestically out of the house, amidst the resounding cheers of the assembled Republican spectators.

The alternates from the First and Second wards then were seated as follows:

Second ward: R. H. Crews, J. E. Goodell, George Graham, O. Bucheli, Dr. L. G. Rice, J. W. Metcalf, Dr. A. Reidy, Mayor R. K. B. Seifers, George C. Schenck and R. O. Archibald.

Third ward: William Beauchamp and John Tanberg.

Fourth ward: William Beauchamp and J. L. Laclaire.

In appointing the committee on nominations the chairman named Frank V. Lanham as chairman. Mr. McRae as chairman of the first ward delegation questioned Mr. McRae's citizenship. After Mr. Lanham had shown that he had voted for President Wilson in 1912, for Senator McDonald, for Mayor Sellers two years ago and for Mr. McRae as chairman of the convention which nominated the mayor two years ago, Mr. McRae withdrew his question. The proceedings then went forward without interruption up to the introducing of the resolution.

The amendment was defeated by a vote of 29 to 11, the Second ward not voting.

The original resolution was passed by the entire vote and the First ward delegation then filed majestically out of the house, amidst the resounding cheers of the assembled Republican spectators.

The nominations then followed, all of them being to nominate Frank V. Lanham as chairman to succeed himself as mayor by District Attorney Manuel L. Vial. The mayor had a speech to deliver, but the convention, having had considerable oratory, went right on with its business of completing the ticket. At the end of the business the chairman called for a May Day rally, who responded, stating that in order to avoid any possibility of being misquoted, he had for the first time written what he had to say.

**MAYOR SELLERS REVIEWS
WORK OF ADMINISTRATION**

Mayor Sellers said:

Mr. McDonald, Mr. Stevens and Pelegine Utterman I will be frank in telling you with my idea of what was best for the city, with all the energy that was in me. How well I have succeeded, I will leave to you. However, without the help of the public and the general support of the city councilmen who worked with me personally, could have accomplished nothing.

During the two years just past we have paved forty blocks of our principal business streets, installed

beautifully landscaped grounds

on three of our main thoroughfares,

uniformed and increased our police and fire departments, and raised the salaries of all the members of those departments to a living wage;

have purchased and paid for a modern motor fire apparatus; have spent some \$10,000 in the construction of some seven under ground paved streets with money out of the general fund;

have partially constructed a new city hall, which we will complete during this year, and through the business ability of the building committee and the city engineer, will effect a saving of \$10,000 in the cost of the building;

and at the same time have distributed all the money, outside of that for material, among our own workmen.

In the face of all of these improvements during the last year we have reduced the tax levy of the city

principally 25 mills, which effected a saving of \$12,000 by so doing. According to the books of the city treasurer and the city clerk, for the last two years we have saved the city \$10,000 in the street department, and the police department has cost us in the last two years \$10,000 to negotiate with the city councilmen to obtain the same amount of work done at the same cost.

Two years ago we paid back to the city

the amount of \$20,000, of which \$10,000 was paid to the county treasurer or the city councilmen to negotiate with the city councilmen to obtain the same amount of work done at the same cost.
